

Sr.Construction Manager /Civil

☀️ We're Hiring: Sr. Construction Manager – Civil ☀️

Freiburg is looking for an experienced Sr. Construction Manager – Civil to lead and manage multi-million-dollar Oil & Gas Field water pipeline and Sewerage Process/Treatment Plant projects in Abu Dhabi.

Key Requirements / Qualifications:

- ✅ Proven experience as a Construction Manager – Civil in Oil & Gas or Process Plant projects.
- ✅ Strong background in CMEI (Civil, Mechanical, Electrical, Instrumentation) & Infrastructure.
- ✅ Hands-on experience in site execution, resource management, and quality control.
- ✅ Ability to lead multidisciplinary construction teams and coordinate with project stakeholders.
- ✅ Excellent planning, reporting, and communication skills.
- ✅ Bachelor's degree in Civil Engineering or related discipline.
- ✅ ADNOC experience or approval is an advantage.

Responsibilities:

- Manage all civil construction activities ensuring compliance with project specifications, schedules, and budget.
- Supervise and coordinate with site engineers, QA/QC, HSE, and subcontractors.
- Monitor construction progress, identify risks, and implement corrective actions.
- Ensure adherence to safety standards, statutory regulations, and quality requirements.
- Prepare daily/weekly reports and provide updates to project management and clients.

📍 Location: Jebel Dana, Abu Dhabi – Site-based

📄 Experience: Minimum 15 years in Civil Construction / Oil & Gas projects/Infraworks

✉️ Apply now: Send your CV to career@freiburgcgm.ae and join our team delivering excellence in ADNOC projects.
